## PROLONG WRANGLING

**Trial of S. Mahaulu**  
**One Running**  
**Fight.**

Stephen Mahaulu's trial for embezzlement of public funds made but slow progress before Judge Gear yesterday. Auditor Fisher was on the witness stand morning and afternoon, testifying, with books and papers of the Public Lands Department, regarding the \$925 paid by Mary E. Clark and the \$4500 paid by the Waianae Company, for certain land dues respectively, which moneys the prosecution is attempting to prove were converted by the defendant to his own use. The evidence covered a period from June 7, 1902, to the date of the indictment.

It was the same intermittent combat over the competency, relevancy and admissibility of evidence which had characterized the trial from the beginning. One sample of the proceedings will suffice for the whole. The ledger of land rents was introduced, whereupon Mr. Thompson objected that its admission was incompetent, in that the volume was not a book of original entry. The court sustained the objection.

Mr. Prosser then questioned the witness regarding the account of Mary E. Clark on page 401. On this also being objected to, the Deputy Attorney General argued that the evidence sought to be presented was an admission by the defendant in his own handwriting.

"It is not a book of original entry," the court remarked.

"It does not matter whether or not it is a book of original entry," Mr. Prosser contended, "as it is an admission in the handwriting of the defendant. This is not brought before the court as a book of original entry, but as an admission in the defendant's handwriting, showing a sum of money charged to Mary E. Clark on a certain date."

"It only shows that he has copied that entry from another book," the court rejoined.

Mr. Prosser again urged his contention of a distinction the proposed evidence had from that of a matter of original entry. On which the court ruled:

"I have no doubt that the objection is well taken."

Mr. Prosser persisted by way of presenting an authority.

It was then 3:45 p. m. and the trial was continued until 10 a. m. Monday. The court adjourned until 9:30 the same morning.

**LATEST INDICTMENTS.**  
All of the latest batch of indictments, numbering twenty-one, returned by the grand jury were released from the secret file yesterday morning and a number of the defendants arraigned.

Harry C. Mossman, former station house clerk, is defendant to five indictments alleging the embezzlement of fifteen separate amounts of money, the last on the corresponding day of 1904. The aggregate is \$177.30. He at first reserved his plea, but later entered one

**WHAT IT WILL DO.**

A woman buys a sewing machine for what it will do; not as an article of furniture. A man carries a watch to tell him the time; not as an investment of surplus capital. The same principle when one is ill. We want the medicine or the treatment which will relieve and cure. The friend in need must be a friend indeed, something, or somebody, with a reputation. There should be no guesswork in treating disease. People have the right to know what a medicine is, and what it will do, before they take it. It must have behind it an open record of benefit to others for the same diseases, a series of cures that proves its merit and inspires confidence. It is because it has such a record that **WAMPOLE'S PREPARATION** is bought and used without hesitation or doubt. Its Good Name is the solid basis for the faith the people have in it; and a good name has to be earned by good deeds. It does what you have a right to expect it to do. It is palatable as honey and contains all the nutritive and curative properties of Pure Cod Liver Oil, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. In Scrofula, Anemia, Nervous and General Debility, Influenza and Wasting Complaints, it is to be thoroughly relied upon. Doctor J. L. Carrick says: "I have had remarkable success with it in the treatment of Consumption, Chronic Bronchitis, Catarrh and Scrofulous Affections. It is of special value in nervous prostration and depraved nutrition; it stimulates the appetite and the digestion, promotes assimilation, and enters directly into the circulation with the food. I consider it a marvelous success in medicine." Every dose effective. "You cannot be disappointed in it." Sold by chemists throughout the world.

of not guilty, Geo. A. Davis appearing as his counsel. An application for reduction of his bail was granted. Judge Gear making the total \$2500 instead of \$5000. A bond was furnished under which Mossman was released.

Ah Tam and eleven other Ahs were arraigned for gambling and R. W. Breckons, as their counsel, had their pleas reserved until Monday.

A. McDuffie, former police detective, had his plea to five indictments for accepting bribes reserved until Monday by his counsel, Geo. A. Davis.

Ah On, former policeman among the Chinese especially, pleaded not guilty to three separate indictments for receiving bribes. Geo. A. Davis and F. E. Thompson are his counsel.

Defendants yet to plead, besides those already mentioned, are the following: M. P. Lagan, embezzlement from the O. R. & L. Co.; Wm. Hoopli, burglary; Jose Reveira, vagrancy; Henry Romero, vagrancy; Otomatsu Kawano, manslaughter; Gan Gin, lottery tickets in possession.

### THIRD COMPLAINT.

An amended complaint, for the second time, has been filed in the action for seizure and detention of goods brought by the firm of Yan Wo Tong against Hoffschlaeger & Co., Ltd., and A. M. Brown, High Sheriff.

Defendants are charged with having, on March 16, 1904, unlawfully, wilfully, and forcibly broken into plaintiff's store on Hotel street, and then and there seized and carried away certain goods, of which an itemized list is given showing a total value of \$508.42, and kept the goods in their possession until April 5, 1904, when they returned them after an action of replevin had been brought for their recovery. Damages are claimed in the sum of \$1500, together with costs.

### AN AGGRIEVED LESSEE.

In the covenant suit of Chung See vs. Kahanuu Meek, the plea in bar stands submitted before Judge Robinson on briefs. L. A. Dickey for plaintiff; J. J. Dunne for defendant. The sum of \$2256.50 is claimed, with interest from March 24, 1898, as damages for terminating a lease on the pretext of conditions broken. According to the complaint, the lease was given to plaintiff on July 8, 1895, by Keakealani Mekini and Mekini Ohule, her husband, for the term of ten years at \$140 a year, the leased premises being on the upper side of Merchant street, near Alakea street. On February 8, 1897, the lessors conveyed all their interest in the lease to the defendant. Plaintiff alleges that, relying on the covenant in the lease, he erected two buildings on the premises, one costing \$1355 and the other \$1125. When the defendant entered to terminate the lease she refused, it is asserted, a tender of \$140 rent for the year ending June 30, 1901.

### FORECLOSURE SUIT.

A bill in equity for foreclosure of mortgage has been filed by Allen & Robinson against J. K. Nakodoko and E. K. Nakodoko. The mortgage is on a piece of land at Kaluaopalea, Kailua, containing an area of 6365 square feet, and was given to secure a promissory note for \$568, dated April 30, 1903, with interest of 8 per cent. per annum payable semi-annually.

### ABOUT TWO COWS.

Judge Robinson yesterday partly heard an appeal by plaintiff from District Magistrate E. P. Aikue, Koolau-poko, Oahu, in the suit of Maleka Halele against Frank Pahi, claiming damages of \$100 for the taking possession and conversion to his own use of two cattle, an aged cow and a young cow, valued at \$60. Judgment was given for defendant with costs in the court below. C. W. Ashford appeared for the appellant, W. C. Achi for the defendant.

### LAND COURT DECREES.

Judge P. L. Weaver has signed a decree of land registration in favor of John Peko Makaiwa, a minor, for a lot at Kaakopua, Honolulu, containing 6175 square feet.

Another decree of registration in the Land Court is in favor of John William Thompson for lot 12, block 35, peninsula part of Pearl City, containing an area of 14,000 square feet.

## GOOD PICTURES AT KILOHANA EXHIBIT

The doors of the Kilohana Art League stand open day and evening, and quite a number of the exhibits are marked as sold. Though the oil colors are not so many in proportion as heretofore, there is one that stands out in its Hawaiian individuality by Mrs. Lilla G. Marshall, depicting the glowing colors of the hibiscus blossoms against their rich background of foliage. The forte of Mrs. Marshall seems to be in still life, and one looks for more from her brush to accompany this bit of color. Nothing is found this season from Mr. A. R. Gurrey nor Dr. Hutchinson, which is much to be regretted. Miss Edith D. King, however, gives some very happy surprises in the variety of her subjects, and great pleasure in their treatment. "Lake Merritt," with its poetic feeling, is unquestionably one of the best in the exhibition, and the "Fishermen's House" and "Sand Dunes" show charm and delicacy of touch. Among her other attractions "A Street in Chinatown" is a bit of color which draws much interest. Miss Nettie King exhibits in the ceramics an Erik Stein, both unique and beautiful, which has been much admired.

Mrs. Camp is represented this time by but one Island view, but it is a pretty bit of Hawaiian color.

**INFLUENZA** is always more or less prevalent at this season of the year. This disease is very similar to a severe cold and if allowed to take its course is liable to cause serious results. The best treatment for influenza is to avoid exposure and take Chamberlain's Cough Remedy. This medicine gives immediate relief and if used as directed, will ward off all dangerous consequences. For sale by all dealers. Benson, Smith & Co., Ltd., agents for Hawaii.

## So Different

**Lots of Claims Like This, But so Different—Local Proof is What Honolulu People Want.**

There are a great many of them. Every paper has its share. Statements hard to believe, harder to prove.

Statements from far-away places. What people say in Florida. Public expressions from California. Ofttimes good endorsement there. But of little service here at home. Honolulu people want local proof. The sayings of neighbors, friends and citizens.

Home indorsement counts. It disarms the skeptic; is beyond dispute.

This is the backing that stands behind every box of Doan's Kidney Pills. Here is a case of it:

Mr. Cyrus S. Edison of Kaplani Park, this city, says: "I am at present a teamster and came to the Islands fifteen years ago. Previous to that I drove a stage coach in the United States. These occupations necessitating my being out at all seasons were no doubt the cause of my kidney disorder. I had the ordinary symptoms of this complaint, and resorted to a host of things to cure it. All of them failed to do so, however, and when I had almost given up hope I heard about Doan's Backache Kidney Pills and got some at the Hollister Drug Co.'s store. They did indeed relieve me and I am quite satisfied with the benefit they have been to me."

Doan's Backache Kidney Pills are for sale by all dealers; price 50 cents per box (six boxes \$2.50). Made by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands.

## CHILDREN'S OPERA WILL BE A SUCCESS

The unfortunate individual who fails to see the children's opera, soon to be given for the benefit of the Free Kindergarten and Children's Aid Society, will surely miss a treat.

The children are under the skillful training of Miss Martin of Chicago, and it is no small pleasure to witness a rehearsal under her direction. Her influence over the children is magnetic. She inspires them all with her own eager vivacity and keeps them in ready good humor.

It requires immense patience to train a lot of children in all the details of a play like this. To teach them to express the varying emotions in their faces; to make all the motions exactly together and keep perfect time and tune; but Miss Martin's patience is equal to the strain. She has certainly chosen her calling wisely.

Children love to make a noise, at least this is true of the average, normal child, and it certainly makes a much more impressive noise when action is concerted. There is a vast deal of difference between a good solid clap of the hands by a big crowd, and in scattering claps tripping over each other like the patter of big rain drops. So it is quite awe inspiring to hear the mighty spank with which the impulsive disciplinary action of the celebrated old woman who lived in a shoe is described; it is enough to scare the most ruly crew into submission.

The music is excellent and well suited to the words which are taken from the nursery rhymes of Mother Goose. The graceful and expressive action with which each song is accompanied is almost enough to tell the stories without words.

Honolulu is fortunate to secure the aid of so gifted a lady as Miss Martin. She has come a long, expensive journey to do this work and it is a big thing to do. She is so enthusiastic and inspiring that it is hard to witness a rehearsal and keep one's face, hands and feet in proper, critical control. When the time comes for the public exhibition, if the whole audience does not feel inclined to join in the action it will be an unresponsive crowd, for, of course, it will be a crowd and a big one. The opera will be well worth seeing and the community will doubtless show itself appreciative.

## CREDIT FOR THE KAWAULA TUNNEL

Editor Advertiser: Allow me to correct some errors in yesterday's Advertiser under the heading "Water Development on Valley Isle," by Carl Waldeyer. While engineer of the Pioneer Mill Co. for three and a half years, among other hydraulic works, I planned and directed all the works of the water development and am still consulted on the subject. The Kawauala tunnel was begun in June, 1901, with Ogata as contractor, a very faithful and competent Japanese who afterwards lost his life in the tunnel. Credit is due to his memory for packing up the heavy machinery and installing most of the plant, under directions, Mr. Waldeyer is the fourth contractor who has been employed on this tunnel, the cost of which has been from \$3.50 to \$7.00 per foot, and he has duly driven the tunnel on the line and grade directed by me, but he has not been employed either as engineer or expert.

The other tunnels have also been driven by contract, which is the best way to do this kind of work. The subject is one of much interest and promise and will be discussed later when sufficient progress has been made.

Yours truly,  
J. S. MOLONY, C. E.
